**Hello Everyone!**

Normally I don't like to sound cliché, but it seems that right now – with where the ACN Opportunity is today and where it's going – a cliché can say it best! *There is no time like the present; strike while the iron is hot; get while the getting is good*, and most importantly – *time is money!* To anyone who's been around ACN lately, you know these simple phrases are very applicable and have powerful meaning! In fact, with the tools ACN has put in place for you, the iron can't get much hotter.

One of the most important tools available to ACN representatives today is obviously the Donald J. Trump endorsement. It's all about Trump this quarter at ACN – and all about what Trump can do for you! Those of you who have been a part of ACN for a while know what an impact the endorsement of entrepreneurial icon and renowned businessman Donald J. Trump is having for all of us at ACN. Those of you who are newer may be asking how the Trump endorsement can impact your business specifically. With that said, let me ask you a question:

If you held a winning lottery ticket, would you cash it in or would you hold onto it, forget about it and put it in your pocket until it expired and was too late to collect your winnings? Sure this question sounds silly and the answer obvious. But not taking advantage of the Trump endorsement – and cashing in on the benefits – is just as crazy as not cashing in on a winning lottery ticket.

Oftentimes, one of the scariest things for a new representative to overcome is the fear of approaching people about the opportunity and of course the fear of rejection. ACN's Opportunity Disc featuring Donald J. Trump virtually eliminates those fears. How much would it be worth to have Mr. Trump sit in your living room and personally endorse ACN as you present the ACN Opportunity to your prospects? It would be priceless – and ACN is making that happen. In fact, ACN's Opportunity Disc creates a perfectly level playing field for representatives at every stage in their ACN businesses; it gives an ETT the power of an SVP! And it doesn't get much better than that!

With that said, wouldn't you agree that getting people to look at ACN is one thing, but getting them to do something is quite another? ACN's Opportunity Disc gives you what you need to get your business started and to build excitement among new people, and while this is certainly important, it's only half the battle. So, how do you get someone to act, and how do you get them to act quickly?

The key to long-term and continuous success in ACN is getting your new business partners to take immediate action. The longer somebody waits to take action, two things happen: their excitement starts to go down and their fear starts to go up. It's simple human nature. You need to get your new representatives off to a fast start and in the right direction – and that's what ACN's 24 Hour Game Plan is designed to do for you.

The 24 Hour Game Plan is an outline for new Team Trainers to follow to ensure a successful launch of their businesses through a simple and easy to duplicate system. And the 24 Hour Game Plan accomplishes this goal at the height of your new Team Trainer's excitement. It's a fool-proof system! All you have to do is put it into practice in your business – every day and with every new Team Trainer. Remember, the Opportunity Disc might get them in, but it's the 24 Hour Game Plan that will get them building.

ACN's Opportunity Disc, the 24 Hour Game Plan and all the tools available to you eliminate any excuses for not being successful in ACN. We have literally given you the tools to get started, to build excitement and to keep business booming – all of which should eliminate self doubt. Many of you may not even know how good you have it. When I first started in the networking industry, the hot tools were postcards that we sent through the mail. Can you imagine? A 3-inch-by-5-inch card was all we had to help pique the interest of our prospects! And once we got a new person in the business, there was no formula for success, no 24 Hour Game Plan. In fact, keeping someone in the business was a gamble every day.

Just look at how far we've come and all that ACN has put in place for you.

Ask yourself...“Can I really afford not to take advantage of this?”

And it just keeps getting better! Donald J. Trump will be speaking at ACN's upcoming Baltimore Event, Sept. 8–10. Mr. Trump is extremely selective in his speaking engagements and in the companies he chooses to work with – and he chose ACN!

If you're not taking advantage of all ACN has in place for you now, ask yourself why. Is it fear...of rejection, of failure or of just trying something new? Isn't it scarier to think about what you could be passing up by not taking action?

It just doesn't get much bigger or better than Donald J. Trump. And the beauty of ACN is that you don't have to determine for yourself the best way – ACN provides it all for you! All it takes is to pique someone's interest, hand them a disc, enroll them in the vision and follow through with them using the 24 Hour Game Plan. Hard to believe? The reality is that the key to success in anything is keeping things simple and easy to duplicate. Even Donald J. Trump would agree with that!

My point is that there are no excuses. The only way you can fail is by quitting on yourself and on your dreams. The only defeat in life is the defeat from within.

So as the sayings go, strike while the iron is hot, get while the getting is good and most definitely – *time is money!* I just couldn't say it any better myself! I look forward to seeing each of you in Baltimore for what promises to be a turning point in ACN – and a catalyst for unprecedented growth in your businesses.

Grow, Grow, Grow!

God Bless

Greg Provenzano

ACN President and Co-Founder

# Detroit International Training Event

JUNE 23-25, 2006

## HIGHLIGHTS

ACN's hometown served as the perfect setting for the electrifying announcement that entrepreneurial icon and multi-billionaire, Donald J. Trump, will speak at the upcoming Baltimore International Training Event in September. Detroit participants not only heard the news first, but were the first to be able to register.

Many ACN leaders provided their personal testimony on stage and shared how Mr. Trump's endorsement of ACN, on ACN's Opportunity Disc, has provided new ways to grow their business and new opportunities to show prospects the power of the ACN vision. Because the disc is so powerful, and only available for a limited time, thousands of Detroit attendees signed up for ACN's auto-ship program which was launched on-site.

For more information on ACN's Opportunity Disc and Auto-Ship program, refer to page 2.

The intense exhilaration among those in the crowd can't be described; it simply had to be witnessed. Excitement over ACN's Opportunity Disc and Mr. Trump's attendance in Baltimore only further ignited an energy-packed weekend of powerful training, recognition and networking. History was in the making as the Founders mapped out the exciting future that lies ahead for ACN.

Thank you for your support!

## SHANE DOUGLAS

### ACN's Newest Senior Vice President

Shane Douglas came from a family where everyone owned traditional businesses. He was no different, starting his own appliance store and working long hours for the privilege of being self-employed. When he discovered the direct selling industry, he thought he was the first person to ever see it.

"It's a scary thought, but when I really got the concept of people helping people make money, I was thinking, 'Why wouldn't anyone do this? I mean this is the simplest thing in the world,'" he said.

Shane achieved the level of RVP in just six months and since then, he has not quit. In the last 18 months, he's continued to take action, constantly striving to improve himself while also personally developing his organization. Shane reached for new heights of success, culminating in a promotion to ACN's highest position of Senior Vice President during the Detroit International Training Event.

On stage, he told the crowd he hoped each representative would find success with ACN.

"But you have to have a reason why. My reason is my family. I want my family to have all of the things that I never had," he said. "It takes commitment and it takes sacrifice to build a business. But guys, it is so worth it. Making SVP to me means that my family will have a lifestyle, and they won't just live life."

# DETROIT RVP PROMOTIONS

Before ACN, Steve Niumatalolo spent three weeks of every month away from his family traveling around the world with professional athletes as part of the financial services firm he owned. A family friend saw that Steve and his wife Teresa needed a change and introduced them to the ACN Opportunity.

The couple had no previous direct selling experience, but they were looking for an opportunity that would bring Steve home from a life on the road. Plus, they were tired of the expense and the problems associated with a traditional business.

"My traditional business came with overhead costs, employees, leased space, headaches and a lot of liabilities," Steve recalls. "ACN has none of that."

The couple used the support system that ACN provides and went to work, building a solid organization. Their hard work and faith over 18 months culminated in their promotion to Regional Vice Presidents during the Detroit International Training Event.

On stage, Teresa credited their success to having a positive attitude and working hard: "We just knew that if we worked hard and put our heads down, it would work. We really felt that our back was against the wall. I think that helped tremendously to just know that, 'If not this, what else are you going to do for financial freedom? What other thing is there better than ACN?' There is nothing."

## Steve and Teresa Niumatalolo

Before joining ACN, time was a huge issue for Martha Hunn. She didn't have any. Juggling a 50-hour workweek as a nurse left this mother of six with little time for the things she truly enjoyed.

After son Spencer introduced her to the power of the ACN Opportunity, she was amazed. She didn't know there were alternatives to a traditional job. She was raised on the philosophy of "an honest day's work for an honest day's pay." Once she took time to listen to the possibilities, earning residual income on products people used anyway made perfect sense to her. She had found a way to become free.

"In ACN, you are free to make your own schedule and do the things that are most important to you," she said. "No longer do I have to beg someone to work for me so I can attend my children's events. I spent my entire second year in ACN thinking of the word 'freedom' over and over again. It is great!"

Martha's determination paid off with her promotion to Regional Vice President during the Detroit International Training Event. She explained that she has grown tremendously as a person with ACN, becoming more confident and conquering many fears. Leaving her nursing job behind, Martha said she is making more money than she ever dreamed possible.

She offered these tips to other representatives: "Believe in yourself. Be committed. Have persistence. Be humble so you can be coachable. If you already have a strong work ethic – great! If not, learn how to work. Never miss training events. It is all worth whatever it takes."

## Martha Hunn

Greg and Lori Ferraro wanted quality time to enjoy their marriage and to raise their daughters. They realized early in life that traditional jobs would not allow that. Despite several ventures in direct selling, the couple never felt successful or connected to a vision until they joined ACN.

After signing up for ACN, Greg and Lori attached themselves to some of the company's top producers, following representatives who were in a position they wanted. They learned to be coachable and trainable.

Within 17 months, they reached the prestigious position of Regional Vice President, an achievement they celebrated with daughters Jordan and Kennedi during the Detroit International Training Event. On stage, Lori told the crowd that she now has the freedom to spend time with her husband and attend their daughters' activities. But she warned that ACN is about teamwork.

"You can't do it by yourself. For you to move up, you have to help others move up. You can't succeed unless you help others succeed," she said.

Greg offered this advice to new representatives: "Treat this business like a multi-million dollar business. Treat it seriously. So many people get in and they get a 'No' and then run off. If you want it bad enough, you find a way to get through it."

# ACN's 2006 Charity Golf Classic

## June 26 - Lochmoor Country Club, Grosse Pointe Woods

ACN's Charity Golf Classic was held alongside the Detroit International Training Event and benefited the Detroit chapter of Mothers Against Drunk Driving (MADD).

Teams played scramble style, allowing even the most inexperienced golfer to have a great time!

And after the exciting weekend spent at ACN's International Training Event, the golf outing proved to be a great way to relax and unwind while spending valuable time with ACN's Co-Founders and networking with top producers.

Thanks to everyone who participated and helped ACN continue the tradition of making a difference in our community!

# Digital Phone Service & Video Phones

## Changing the Way We Communicate

ACN Digital Phone Service is changing the way people communicate in the 21st Century. This revolutionary technology uses traditional home telephone equipment to place and receive calls over a broadband Internet connection.

Since ACN added this unique service to its product portfolio in December, ACN representatives in the United States have found a great new way to grow their business. ACN Digital Phone Service offers:

- Unlimited calling to anywhere in the U.S., Canada and Puerto Rico
- A \$23.99 monthly rate
- Low international rates for customers who take advantage of international calling plans
- The most popular calling features such as Voice Mail, Caller ID, 3-Way Calling and Call Waiting
- The ability for customers to keep their phone number when they switch to ACN

With a great price and exciting features, ACN Digital Phone Service is gaining steam as a great alternative to traditional telephone service. Because of this, U.S. representatives are finding this the best time to be involved with the ACN Opportunity.

## Video Phones • New Lower Price!

One fascinating feature of ACN Digital is the ability to offer Video Phones. With this exciting device, ACN customers can talk face-to-face with family and friends. It's also a great way to bolster business commu-

nications. And with affordable prices, Video Phones are becoming a reality for thousands of ACN customers.

In June, ACN lowered the price of our Video Phones for new customers, making this cutting-edge technology available for just \$315 each. Or, a convenient payment plan lets customers make a \$180 down payment with 12 monthly installments of \$13.

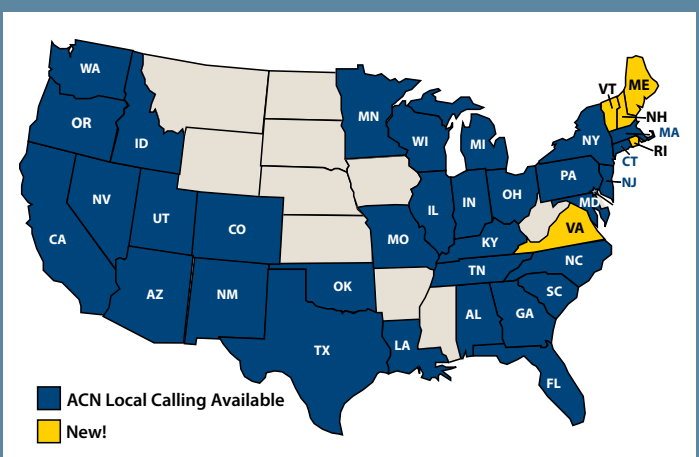

## Soft Phones

The benefits of ACN Digital Phone Service don't stop there. Soft Phones are an add-on service that allows you to turn any PC or laptop into a full-functioning telephone with its own unique telephone number. With this feature, you can make a call from anywhere in the world without having to carry extra equipment. 

# ACN Local Calling Expands to Cover 80% of the United States

With the exciting expansion of Local Calling into five new markets in June, ACN now offers great Local and Long Distance Calling Plans to more than 80 % of the U.S. population. The Fast Track LOA allows customers residing in states where ACN is less than 75 days away from launching local service to sign up for ACN Long Distance and then be automatically switched to ACN Local Calling once service is officially launched in that area - all without having to fill out another LOA.

Go to MyACN for Representatives and simply download the state-appropriate Fast Track LOA in place of the current, stand-alone long distance LOA.

# ACN EUROPE

What an exciting time to be involved with ACN in Europe. Attractive products, unprecedented business support tools, a legendary celebrity endorser and much more have every representative this side of the Atlantic buzzing with anticipation. Let us not forget ACN's plans to expand into Eastern Europe as the Polish market prepares itself for the pre-launch of ACN's fixed-line service into Poland in October.

Thousands of representatives spent the weekend of June 2-4 in the beautiful city of Cologne for what was widely considered Europe's most influential International Event to date. ACN's Co-Founders and top leaders led the way as everyone in attendance was treated to perhaps the most powerful piece of training a representative in the direct selling industry could dream of. Ex-

cerpts from ACN's new Opportunity Disc featuring Donald J. Trump were met with tremendous applause as this new tool is destined to be one of the most powerful presentation tools ACN has ever made available to representatives.

The launch dates for ACN's newest market were introduced with the pre-launch scheduled for October and the customer launch planned for November. A special pre-launch website for Poland has been developed and is now live on the public ACN website: [www.acneuro.com](http://www.acneuro.com). This website presents the company and the ACN Opportunity with a number of multimedia formats in English and Polish. During the period leading to the pre-launch, representatives are permitted to promote the ACN Opportunity in Poland, providing they adhere to published guidelines.

## ETT ON THE MOVE

Sonsook Hong

Before ACN, Sonsook Hong was involved in advertising sales with no experience in direct selling. But she was looking for a long-term opportunity, something she could work even when she was older.

When a friend introduced her to ACN, she knew right away it was the perfect opportunity. Sonsook liked that success with ACN is not limited by age, gender or race. And with ACN's Asian expansion plans, she saw a long-term vision to be financially independent. She joined and became an Executive Team Trainer the first day she started.

"ACN has made me realize that I could be successful. For the first time, I gained confidence in myself to do something great," she said.

Today, Sonsook works on the philosophy of thinking big and long-term. Time will pass anyway, so she concentrates on taking the steps to build something day by day, week by week.

She offers this advice to new representatives: "Being successful in ACN or life, it's the same. Be honest. Do the best you can in every situation. Stay humble and take action. You will be successful."

## ATTORNEY GENERAL REPORT

## Legal Advisory Committee Update –

Welcome to  
The Honourable  
William P. McKeown

By Robert T. Stephan

The Legal Advisory Committee has a new member. If you were at the Detroit International Training Event, you were introduced to The Honourable William P. McKeown.

In keeping with the desire of ACN to retain legal experts from around the globe to review its business opportunity, Bill McKeown was called upon to review the ACN Opportunity as it applies to Canada. Judge McKeown joins Chris Gorman, former Kentucky Attorney General; Grant Woods, former Arizona Attorney General; and Bob Stephan, former Kansas Attorney General, as a member of the Legal Advisory Committee.

Judge McKeown is the former Chairman of the Canadian Competition Tribunal and retired Federal Court Judge in Canada. He served as Federal Judge with the Canada Federal Court Trial Division

from 1993 to 2002 and as Supreme Court of Ontario Judge from 1986 to 1993. He also served as Deputy Director of the Bureau of Competition Policy. During his nine years at the Tribunal he presided over such major cases as Air Canada, (Nielsen) D&B Companies and Canadian Waste.

The Legal Advisory Committee serves as a board that reviews all ACN Independent Representative materials, including ACN's sales and marketing documents, its compensation plan, and its policies and procedures. In addition, the Legal Advisory Committee reviews the conduct of Independent Representatives as well as disciplinary action that applies if violations of law or ACN Policies might be committed by an Independent Representative.

Colleen Jones, ACN Global Vice President and General Counsel, anticipates adding an Australian member in the near future. She is also conducting a search for a European member.

ACN respects the independence of the Legal Advisory Committee and is committed to a business opportunity that complies with the laws of the nations in which it operates.

The former Kansas Attorney General, Robert T. Stephan, serves on the ACN Legal Advisory Committee along with former Kentucky Attorney General Chris Gorman, former Arizona Attorney General Grant Woods and the Honourable William P. McKeown, former Supreme Court of Ontario Judge.

## ETL ON THE MOVE

## Gregg Goodwin

Gregg Goodwin rode the wave of technology in Silicon Valley in a successful venture that allowed him to walk away from full-time work in January 2005. Ever since then, corporate America has been trying to get him back in the game. He repeatedly declined because he wanted to spend time with his family.

But because Gregg had children who chose admirable but low-paying careers in teaching and social work, he was looking for an opportunity to help them earn extra income. That's when ACN popped on the screen. He hesitated.

"I had some baggage from people trying to get me into network marketing. My idea of a good business model was something where I didn't have to stack laundry detergent to the rafters of my garage and call people every 30 days to see if they needed more soap," he said. "But ACN made all the sense in the world to me."

Gregg's background in technology allowed him to see the awesome opportunity, especially with the introduction of ACN Digital Phone Service and Video Phones. He joined ACN and made Executive Team Leader in seven days by working closely with ACN leaders and signing up his family.

"I truly believe this is the everyday person's opportunity to experience something extraordinary," Gregg said. "I am an old California surfer, and I had the chance to ride technology waves in the past. To me, (Digital Phone Service) is a technology wave that is beginning to build. I can see that wave building on the horizon, and it's going to be a fun one to ride."

For 17 years, Jean-Claude Boileau owned a financial services company and worked to help people achieve their goals, but his own financial ambitions remained out of reach. And the demands of running a business left him with little time to enjoy life.

"I realized that in fact, I did not own my business, my business owned me," he said. "I was looking for freedom."

Finally, an associate introduced Jean-Claude to the ACN Opportunity. Jean-Claude had been involved with several direct selling companies over the years, never finding success. But ACN's integrity appealed to him, as did the company's proven system and easily duplicable process. He was drawn to the opportunity to help others while creating his own fortune.

Putting the 24 Hour Game Plan into action, Jean-Claude built a strong organization and reached the rank of Team Coordinator in less than three months. He is now looking forward to taking his business to the next level.

Jean-Claude's advice to new ACN representatives: "Stay focused. Don't take rejection personally. Follow the 24 Hour Game Plan."

"Believe and you will see it happen with ACN," he said.

Teaching leadership, illuminating inspiration and awakening motivation. This phenomenal class of Regional Vice Presidents and Senior Vice Presidents has reached ACN's pinnacle – attaining all that ACN tries to instill in its representatives. Membership in this elite group is based on achievements in 2005, as well as a commitment and determination to share the ACN vision with others. ACN holds the Circle of Champions in highest esteem as they exemplify the success that can be achieved – both in business and in life – through hard work and dedication.

## TC Spotlight on Success

### Jeremy & Mindy Deeble

Before ACN, Jeremy Deeble owned a business which required him to travel extensively, while his wife Mindy worked 40- to 60-hour weeks as an early education director. With four children, they wanted more time together and dreamed of being financially independent. They were looking into buying a childcare facility when Jeremy's brother urged them to consider the ACN Opportunity before taking such a risk.

The couple had tried direct selling years earlier and had met with little success. But they recognized that ACN was a singularly lucrative opportunity – and they wanted in on the action. "We knew that the train was going to move on with or without us," Jeremy explained.

Applying their "whatever it takes" work ethic and the wisdom they had garnered from their previous careers, Jeremy and Mindy quickly found success with ACN. They attended the Fort Worth International Convention in 2006 with six people on their team, and 60 days later they reached the rank of Team Coordinator. "ACN events are the most crucial part of this business," Jeremy said. "If you get good at anything in this business, just get good at getting people to the events."

Within seven months of launching their ACN business, Jeremy and Mindy were earning enough for both of them to leave their careers behind. "We set ourselves financially free," Jeremy said. Through ACN, the couple achieved their financial goals, and even more importantly, now have much more time to enjoy together as a family.

Jeremy and Mindy credit their persistence and consistency for their success and offer this advice to new ACN representatives: "Find somebody in your upline to be your mentor. Talk to them everyday and be coachable ... accept no excuses, just get the job done!"
